

I KNOW YOU  
1991 Ongoing

Exact opposite of DO I KNOW YOU. I KNOW YOU is a series of phone books collected from almost every year since 1991 when I started the data base Rolodex thing, but instead of collecting vital info, in I KNOW YOU I decided to mask the names in the public phone book of people I knew, with a Sharpie . . . Not all of the phone books of all years are here . . . Sometimes I fall out of touch.
